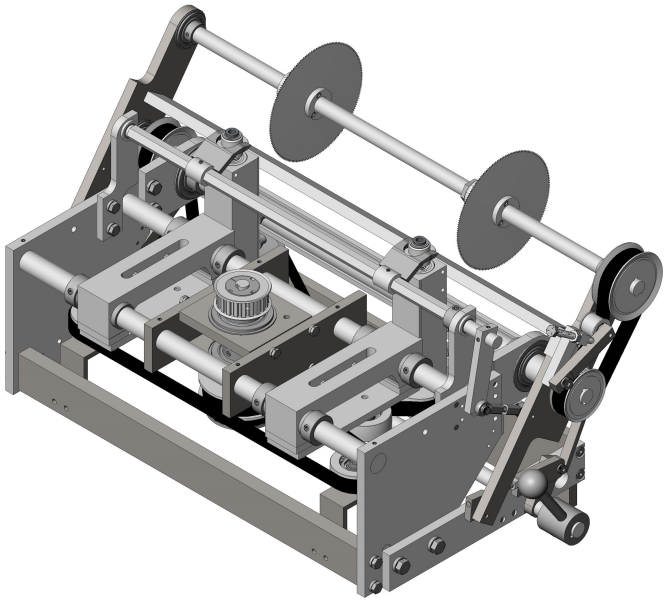
Model LMC-16CS

LMC Bottom Slicer



LMC-16CS allow horizontal blades to slice cluster hotdog buns by creating a path for blade shaft.

*Made to substitute a UBE Model 92CS.

*Present on many Model 90AL machines.

*Spindles for horizontal slicing included with quick release.

*External belt powered.

*High quality bearings and belts used.

*Replacement parts readily available.

*Vertical blade pitch of 3 inches.

*All machined parts made in the USA.
